

## PRESS RELEASE

# Hansa Biopharma has won the 2025 SwedenBIO Award

Lund, Sweden, 22 January 2026. Hansa Biopharma AB, "Hansa" (Nasdaq Stockholm: HNSA), today announced that the company has been awarded the prestigious 2025 SwedenBIO Award. The award was presented at the SwedenBIO Summit in Stockholm on 21 January, where Hansa was selected as the winner among the many nominated companies.

Since its inception in 2007, the SwedenBIO Award has celebrated companies that drive meaningful scientific progress, operational excellence, and international impact. This year's motivation highlights Hansa Biopharma for transforming Swedish scientific excellence into global medical impact and serving as a bold guiding star in building commercial capabilities for global markets. Through its pioneering enzyme technology, Hansa enables life-saving transplantation for highly sensitized patients with previously unmet needs. By advancing breakthrough innovation and delivering strong clinical results, the company strengthens Sweden's position as a leader in life science innovation.

Renée Aguiar-Lucander, CEO, Hansa Biopharma said, *"I am truly delighted and deeply honored to receive this award on behalf of everyone at Hansa Biopharma. This recognition reflects the great momentum we've built heading into 2026—powered by our strong U.S. Phase 3 data, the upcoming FDA review process, and the anticipated Phase 3 readout from our European Phase 3 trial later this year. Thank you to the SwedenBIO organization and judges for this recognition. We're proud of how far we've come, and excited for the journey ahead."*
