Hansa Medical is a biopharmaceutical development company focused on inflammation. The company develops innovative biopharmaceuticals and diagnostics in partnership with major companies with market presence as well as under full Hansa Medical management. At present, three primary product candidates are in development; IdeS, EndoS and HMD-301. Novel research projects and product candidates are generated through academic collaborations and in-house development. Hansa Medical is publicly traded at NASDAQ OMX First North under ticker symbol HMED. Remium Nordic AB is Certified Adviser to Hansa Medical.
